

Meharabad

10th March 67

My dear Robert,

I have with me two letters from you, one from Karachi dated 24th Feb., and the other from Lahore dated 2nd March. Both these letters were read to Baba and He was very happy to hear that His Bob reached in time for the Baba-Birthday Celebration in Karachi and that dear Mik just made it by plane! Baba directs me to convey His Love and Blessing to you, Mik-Ushi and Tom. Hope Tom was able to stand up to his determination NOT to take drugs any more! Well man can rise only if he has a fall! Baba has noted that

You have noted not to step
in India before 1st January '68
and that you have not to
bring "Sita" to Bala.

I have noted about the
American expression "setting up shop"
and I thank you for correcting
my wrong meaning. I informed
Bala about it and He smiled,
and remarked: "What will they
do so long in Lahore without a
job or means of livelihood?"

Well, I had no answer to
His query and I simply said
that all I knew was you were
leaving for Europe to help Lynda
on her first trip. Bala was
very amused ^{by} your play on the
letters LSD—the initials of your
dear sister. Bala directs me to

let you know that He wants you to convey His Love and Blessing to her and to tell her to be very careful during her trip. He does NOT want dear L.S.D. to trip over LSD and fall!

Babu is pleased and proud to hear of His Karachi lovers ~~to taking care~~ having taken care of His dear Eric and having bestowed their affection on them.

Here there were over 150 Inher Centers which celebrated Babu's 73rd birthday with great devotion and exuberance. Many of these Centers celebrated the Birthday for 73 days beginning with 15th December 66! And, there are some who started a 73 day Celebration from 25th February. The Centers in U.S.A. were very

active this year and New York Center got its Birthday Programme broadcast for two hours on WNYW on 26th Feb. from 9.30 P.M. to 9.30 P.M. Indian Standard Time! Well, at Mehrauz, heard this program in parts due to great disturbance and overlapping of stations. We got this WNYW on 13 meter band quite alright!

Dear Rick is having a very busy time in Andhra. I am enclosing his letter to Adi (a copy). Rick is scheduled to leave India in the third week of April.

We are leaving Ahmednagar with Bala on 2nd of April for Poona and our address till end of June '67 will be :
 C/o Ananta Mahababa
 24 Bund Road
 GURUPRASAD
POONA-1

With much love to you & all (INDIA)
 Erud.
