

Give me Meher lovely wine
you are Saki, you are mine.

I am thirsty, I am tired, I can't now walk
I can't come to you Darling, I can't now talk
Be kind and you come to me, give me wine fine.
Give me Meher lovely wine.

I am burning in your fire day and night dearling
Meher Meher Meher Meher My tears are calling
~~Can't bear this pain severe, I will now pine~~
I am dying for you dear know not what this sign
Give me Meher lovely wine
you come here, my Meher dear
And give me embrace fine
Give me Meher lovely wine.
