21st December 1966

My dear Bob, Mik and Utschi,

Beloved Baba sends
you three His Love!

Dear Bob, your loving
letter of 13th Dec from Istanbul
made Baba happy. He wants you
to continue to give His message
to "brothers-in-drugs" as wished
by Him; push hard into their
hearts His NAME and His Love.

Beloved Baba and we
were very amused to hear that
you all had to turn back from
the border of Bulgaria because
of "Long Hair". Hope the border
police have some consideration atleast
for girls having long hair!

Baba wants you three
to know that He is with you and
that your loves reach Him and
make Him happy. His "Nangar" is on you.

Hope this catches you all right
at your address in Jerusalem
(Jordan). Happy Meher-Mas to you 3!

If you have not yet received the
latest "Family Letter" dated 14th Dec '66
please call one copy from dear Fredella.
You will get the latest news about
activities around the Silent One!

Hope the snowy mountains and
floods did not affect your health.

If you are in correspondence with
the young man Marc Declery - a
Belgian - then beloved Baba wants
you to convey His Love to him.

Your letter from New York
dated 9 November 66 was received
and read to beloved Baba. It
was good to note from it that
you got a claim from the Insurance
people over an accident you were
involved in.

Beloved Baba was very happy to
receive your assurance: "that Mik,
Utschi and I are very dedicated to
the work we are about to encounter,

realizing fully the many difficulties involved. — our only wish is that it might, in some way, help diminish Baba's burden somewhat."

Beloved Baba was very touched by this and He expressed His happiness, and remembered you three with fond love.

It is still 12 months more for you three to step into India and I sincerely pray to beloved Baba for your health and safe hitch-hiking. May you three have a Baba-full, health-full, joy-full, peace-full 1967. May you all live long to love Him as He should be loved and to serve Him as He should be served !!

All your becheraged family send you and to dear Miki-Ushi their warmest loving regards and wish you a very Happy New year. I join them in their wish and send you three much love — Eruch
